

## Out visit to St Marys Church

Today IBE went for a walk to St Marys church. On the way we took part in a town treasure hunt looking out for significant buildings in the town. We spotted North Gate, The Town Hall, Arbuckle's Bucher's and Bridgnorth castle as well as finding the houses that King Charles I visited, and Thomas Telford had lived.

We followed this with a good look around the Church discussing what it is used for and looking closely at some of the features of this beautiful building. We then continued to the town park for our snack before walking back along Castle walk past the Cliff railway and back to school. We all had a lovely morning and the children were very knowledgeable about different places around our town.
